

# TECHNO SB® 25

**TECHNO SB® 25** is the top choice for new construction, offering a 25-year warranty, 6-month UV protection, and superior tear strength. Its AQUA TRAK® technology ensures maximum traction on steep roofs, even in wet conditions, making it ideal for concrete, metal, and tile installations.

## PRODUCT SPECIFICATIONS

|               |          |       |
|---------------|----------|-------|
| Roll Size     | 10SQ     | 5SQ   |
| Length        | 250'     | 125'  |
| Width         | 48"      | 48"   |
| Rolls/Pallet  | 42       | 60    |
| Pallets/Truck | 48       | 62    |
| Rolls/Truck   | 2,100    | 3,720 |
| UV Exposure   | 6 Months |       |
| Warranty      | 25 Years |       |

## TECHNICAL SPECIFICATIONS

| Test                           | Method     | Result             |
|--------------------------------|------------|--------------------|
| Tensile Strength               | ASTM D5034 | 93 / 86<br>MD / CD |
| Hydrostatic Resistance         | ASTM D8257 | Pass               |
| Thermal Cycling                | ASTM D8257 | Pass               |
| Accelerated Weathering         | ASTM D8257 | Pass               |
| Faster Pull-Through Resistance | ASTM D8257 | Pass               |
| Pliability                     | ASTM D8257 | Pass               |
| Unrolling                      | ASTM D8257 | Pass               |
| Liquid Water Transmission      | ASTM D8257 | Pass               |
| Tear Resistance                | ASTM D8257 | Pass               |
| Linear Dimensional Change      | ASTM D8257 | Pass               |
| Moisture Vapor Performance     | ASTM D8257 | Pass               |
| Burst Strength                 | ASTM D8257 | Pass               |
| Fire Classification            | ASTM E108  | Class A            |

## CODE APPROVALS

|                                     |           |
|-------------------------------------|-----------|
| ASTM D226 Types I & II              | Yes       |
| ASTM D8257                          | Yes       |
| Class A Fire (As part of a system)  | Yes       |
| Texas Department of Insurance       | Yes       |
| Florida Product Approval            | FL12512   |
| Miami Dade County Approved          | Yes       |
| Code Listed                         | CCRR-0320 |
| Contributes to LEED points          | Yes       |
| Approved for High-Temp Installation | Yes       |

|                                 |              |           |
|---------------------------------|--------------|-----------|
| <b>Custom Logo Requirements</b> | 1 Color      | 2 Pallets |
|                                 | 2 & 3 Colors | 6 Pallets |

This product is qualified for use as a component of a FORTIFIED-eligible roof system. Use of this product does not guarantee a FORTIFIED™ designation. To be eligible for a FORTIFIED designation, a complete roofing system (components and accessories) must meet the requirements detailed in the FORTIFIED Home™ Standard and be installed by a certified FORTIFIED Roofing Contractor. Products that are required to meet the standard include but may not be limited to: roof coverings, attic ventilation components, a qualified sealed roof deck system, roof underlaments, edge metal and appropriate fasteners for all mechanically fastened components. Documentation for all products and their installation is required. Additional requirements, eligibility criteria and restrictions apply. See the current FORTIFIED Home standard at <https://fortifiedhome.org/technical-documents/> for details.
